

## At the National Capital

Gossip of People and Events  
Gathered in Washington

### Senator Wilson's Joke on New York

WASHINGTON, D. C.—Former Senator John L. Wilson of the state of Washington was one of the most popular members of congress that sat in either house. Mr. Wilson's position extends over both sides of the capital, he having served in the first congress in the house as the representative from the then state of Washington, and in 1895 he elected to the senate, where he served one term. Mr. Wilson is now member of the Seattle Post-Intelligencer, and at the same time is heavily interested in Washington state lands and real estate.

He in Washington recently, Mr. Wilson delivered himself of some interesting facts with respect to the

resources of the state of Washington and the general attitude of its people toward the question of conservation.

"The issue of conservation with us is merely the question of the removal of friction between the national government and the state," said Mr. Wilson.

"When Gov. Hughes of New York came out to see our fair at Seattle he made a speech in which he said that we of the west would probably be surprised to know that the state of New York had set aside 1,000,000 acres of land for a forest reserve. It fell to me to reply to the speech of the governor and I told him that we were indeed surprised that anybody in the state of New York would let that much get away from him. Then I told the governor that if the forest reserves of the state of Washington were placed side by side in one contingent body of land the entire Empire state of New York could not only be put down in the middle of it, but a man could walk around the boundaries of the forest reserve and still be unable to see the boundary of the state of New York."

### Great to Blow Up the U. S. Senate

MEMBERS of the United States senate showed more than ordinary interest in the report from Chicago of a newspaper in that city had received a letter from a man signing "C. Hodges," declaring he intended to blow up the upper branch of the senate with nitro-glycerin.

Some of the insurgents are hoping "C. Hodges" will put off the palmarium until they have had an opportunity of "surging" Senator Hughes says he hopes to be in South Dakota when the blow off comes.

"Hodges" wrote that physicians have given him but six months to live, that at first he had intended taking morphine to end his existence, but he changed his plans, he when he read an article charged corruption existed in the senate, he determined to blow up the senate with nitro-glycerin and kill him at the same time.

A letter follows:  
The Editor in Chief: I am going to blow up the congress with nitro-glycerin for giving you this

### Peary and Family Dug Out of a Drift

WASHINGTON.—Commander Robert E. Peary, U. S. N., who sledged to the north pole and back about a year ago, after Dr. Cook of Brooklyn made a trip on the Imagination Limited, an article experience a few nights with seven miles of Washington, he was almost as bad in some ways as anything he experienced in the north or thereabouts.

As a result of the unique adventure Peary was inconvenienced for several days. "I don't know," he told a friend, "if I took gold, by doze I'd be up. A lot of it."

Bound for Dinner Party.

Commander Peary, Mrs. Peary and Peary's sister were on their way to keep an eight o'clock dinner party at the country home of P. Barnard, son of Justice John Marshall Harlan. The taxicab which they were riding skidded,

### Princian King Wants an American Heiress

There is Count Pablo Mysky Tretyakoff, also known as Capt. Karay, who is supposed by his friends to be in Chicago in the interest of the Karageorgievitch family, which now sits on the Serbian throne, and is planning to marry into the family. A rich Chicago bride for the queen of Serbia would be just what King Peter would like.

Some of King Peter's preparations for the early in the new year, the itinerary includes a two month stay in the United States, the agent's report makes it probable. One of them will succeed in three. Count Tretyakoff is a known stranger, about whom

Washington's ultra-exclusive set has been talking. Upon his appearance here he was believed to be a secret agent for some Balkan nation.

Now it turns out that King Peter commissioned him to come to this country and report what opportunity his two sons might have toward making an alliance with American girls.

Servia does not maintain a diplomatic representative in Washington, and this may have made the count's business difficult to transact. He is well supplied with funds by the house of Morgan, Harjes & Co., the Paris branch of J. P. Morgan & Co.

A report that the Serbian prince wanted to marry an American girl reached Washington last spring. Czar Nicholas, Emperor Francis Joseph and King George of Greece tried to plan an alliance for the sons of King Peter, but none of these would consider an alliance with any prince to whom they were individually related.

This is why the prince will seek to marry merely money.

### She Wants a Bonnet.

The manager of a department store received the following order from one of his out-of-town customers, who wanted a bonnet:

"Mazure of head from ear to ear over top of head 12 inches; from ear to ear under my chin 9 1/2 inches; from forehead to back hair seven inches. I want a black lace bonnet with streamers and rosettes of red or yellow satting ribbon and would like a bunch of pink roses or a blue plume with a black jet buckle. If artifishals air still the stile I want a bunch of grapes or a bird's tale somewhere. I do not want anything too fancy, but if you think a wreath of pansies would look good why put one on. I have some good pink ribbon hear at home so you need not put on strings."—Lippincott's Magazine.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years past supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. ### Fight Against Plague Goes On.

Although the survey of the past year's anti-tuberculosis work shows that much has been done, the reports from all parts of the country indicate that this year the amount of money to be expended, and the actual number of patients that will be treated will be more than double that of the past year. For instance, special appropriations have been made in the various municipalities for next year's anti-tuberculosis work, aggregating \$3,976,500. In addition to these appropriations over \$4,000,000 has been set aside by the different state legislatures for the campaign against tuberculosis this year. Besides these sums, a large number of the present existing institutions and associations are planning enlargements of their work, and new organizations are being formed daily.

## When He Courted You

He didn't complain if you were a little despondent or irritable at times. Now he does. He's the same man. He didn't understand then. He doesn't now. Then he thought it was caprice and liked it. Now he thinks it is caprice and doesn't like it. But now he's busy getting money.

If he realized the full truth he would be more than anxious to have the wife he loves take the right remedy to restore her to true womanly health. Most men don't know that when a woman is weak, nervous, irritable and despondent, there is invariably something radically wrong with the delicate feminine organs with which her entire physique is in sensitive sympathy.

There is one, and just one remedy, tried and proven, that will put things right when the feminine organism is weak or diseased. It is

# Answer This Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Fitchville, Ohio.—"My daughter was all run down, suffered from pains in her side, head and limbs, and could walk but a short distance at a time. She came very near having nervous prostration, had begun to cough a good deal, and seemed melancholy by spells. She tried two doctors but got little help. Since taking Lydia E. Pinkham's Vegetable Compound, Blood Purifier and Liver Pills she has improved so much that she feels and looks like another girl."—Mrs. C. Cole, Fitchville, Ohio.

Irassburg, Vermont.—"I feel it my duty to say a few words in praise of your medicine. When I began taking it I had been very sick with kidney and bladder troubles and nervous prostration. I am now taking the sixth bottle of Lydia E. Pinkham's Vegetable Compound and find myself greatly improved. My friends who call to see me have noticed a great change."—Mrs. A. H. Sanborn, Irassburg, Vermont.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
